

Essex Asian Women's Association Membership

Registered charity No. 1122198

The association was formed for the following primary objectives:

- To empower Asian women to access a diverse range of health care initiatives through education and confidence building.
- To offer advice and support to Asian women who are isolated, helping them to integrate into the local community.
- To challenge healthcare initiatives by addressing inequalities of provision of services accessible to Asian women.
- To arrange social events that will highlight the diversity of heritage that is entrenched in our different cultures.

The Association benefits from the support of Southend Borough Council but needs much more in order to achieve all our objectives.
